TICGL Introduction

Research: Knowledge to Improve

TICGL specializes in business facilitation, investment advisory, economic intelligence, and capacity building, providing tailored solutions to help businesses succeed in Tanzania.

Sector Expertise Offers insights and support in various industries such as agribusiness, energy, technology, manufacturing, and healthcare, blending international practices with local expertise.

“TICGL aim to become pathway company to improve Tanzania economy.”

Introduction to TESSG

What is TESSG?

- A research and policy platform operating under TICGL.
- Focused on fostering dialogue, collaboration, and actionable strategies for Tanzania's sustainable economic growth.
- Serves as a hub for presenting evidence-based insights to government, private sector, and international stakeholders.

A woman with short, curly brown hair and black-rimmed glasses is smiling at the camera. She is wearing a brown zip-up top. In the background, several other people are seated around a table in a meeting room, looking at laptops. The room has a modern, bright atmosphere with indoor plants.

"TESSG, operating under TICGL, serves as Tanzania's premier research and policy platform, delivering evidence-based insights to drive sustainable economic transformation through strategic partnerships."

Introduction to TESG

Mission and Vision:

- **Mission:** To advance Tanzania's economic transformation through research, partnerships, and innovative policy recommendations.
- **Vision:** To be the leading think-tank driving sustainable development and economic empowerment in Tanzania.

"TESG strives to be Tanzania's leading catalyst for economic transformation through evidence-based research, strategic partnerships, and innovative policy solutions that drive sustainable development and empower communities."

Introduction to TESH

Objectives of TESH

- Facilitate knowledge-sharing through impactful research and high-level summits.
- Bridge the gap between public and private sectors for collaborative economic growth.
- Offer actionable insights for sustainable development and policy-making.
- Promote inclusive economic strategies to empower businesses and citizens.

"Through knowledge-sharing, public-private collaboration, and actionable research, TESH aims to catalyze inclusive economic growth and sustainable development in Tanzania."

Introduction to TESG

Key Research Findings to be Presented

a. Empowering Tanzania's Growth through Public-Private Partnerships for Sustainable Development

- Focus: Role of PPPs in infrastructure, healthcare, education, and renewable energy.
- Impact: Enhancing service delivery, fostering investment, and supporting the government's long-term development goals.

"Strategic public-private partnerships are essential to accelerate infrastructure development and enhance service delivery across key sectors."

Introduction to TESSG

Key Research Findings to be Presented

b. Empowering Tanzania's SMEs for Economic Growth

- Focus: Challenges and opportunities for SMEs.
- Strategies: Access to financing, capacity building, and market expansion.
- Goal: Strengthening the SME sector to serve as a backbone for economic development.

"Expanding access to finance and building capacity for SMEs is crucial for creating a resilient economic foundation."

Introduction to TESG

Key Research Findings to be Presented

c. Growth, Inclusion, and Innovation in Banking

- Focus: The evolution of Tanzania's banking sector.
- Key Insights: Financial inclusion, digital banking trends, and SME-focused products.
- Objective: Drive innovation to expand access to financial services and economic opportunities.

"Digital innovation and inclusive financial products are transforming Tanzania's banking landscape."

Introduction to TESHG

Key Research Findings to be Presented

d. Pathways to Formal and Informal Employment in Tanzania: Current Insights (2024)

- Focus: Employment trends in formal and informal sectors.
- Key Themes: Job creation, skill development, and workforce formalization.
- Outcome: Identifying pathways to sustainable livelihoods and economic stability.

"Bridging formal and informal employment sectors through targeted skill development creates sustainable economic opportunities."

Introduction to TESG

Key Research Findings to be Presented

e. The Role of Tax Reforms and Policy Planning

- Focus: Impact of tax reforms on businesses, SMEs, and government revenue.
- Objective: Balance fiscal sustainability with economic growth.
- Key Policy Recommendations:
Simplification of tax systems and enhanced compliance measures.

A photograph of a desk with a calculator, a pen, and three wooden blocks spelling 'TAX'. The blocks are light-colored wood with black letters. The background is a white desk with various office supplies like a yellow sticky note, a blue pen, and a blue paperclip.

"Simplified tax systems and enhanced compliance measures can balance fiscal sustainability with economic growth."

Introduction to TESHG

Strategic Importance of These Findings

- Provide actionable insights to stakeholders for decision-making.
- Align with Tanzania's Vision 2025 and global sustainable development goals (SDGs).
- Address economic challenges and unlock growth potential in key sectors.

"TESG's research aligns with Vision 2025 and SDGs, providing actionable insights for Tanzania's economic transformation."

Introduction to TESG

How TESG Operates

Collaborative Approach:

- Engage experts, policymakers, and business leaders.
- Host annual economic summits, roundtables, and research dissemination workshops.

"TESG employs data-driven analysis and stakeholder engagement to develop practical implementation toolkits and advisory services."

Introduction to TESG

How TESG Operates

Research Methodology:

- Data-driven analysis.
- Stakeholder consultations.
- Best practices from global case studies.

"TESG employs rigorous data-driven analysis, extensive stakeholder consultations, and proven global best practices to develop actionable recommendations for Tanzania's economic growth."

Introduction to TESG

How TESG Operates

Implementation Support:

- Develop toolkits for stakeholders based on research findings.
- Provide advisory services to implement recommendations.

"TESG provides comprehensive implementation support through customized stakeholder toolkits and targeted advisory services to transform research insights into actionable outcomes."

Introduction to TESH

Call to Action

For Stakeholders:

- Join TESH as partners to influence Tanzania's economic future.
- Collaborate on addressing key issues identified in the research.

"Join TESH's collaborative platform to shape Tanzania's economic future through research-backed initiatives and policy dialogue."

Introduction to TESG

Call to Action

Upcoming Events:

- Announce TESG's flagship Economic Summit for stakeholder engagement.
- Share research findings and policy briefs.

"Join us at TESG's landmark Economic Summit 2024 for groundbreaking research presentations and collaborative policy discussions shaping Tanzania's economic future."
